Good morning everyone. Hope your week has been quiet so far.

I see that Alex is asking about items for the Administrators report. Are those listed below ready to go into the Administrators report? I thought before the holiday I saw an email asking that they hold off for a month, but I would have to look for it. I wanted to give you all a heads up in case we need to send these summaries in quickly.

Hi Melissa,

Tom and Alex are wondering if the actions below should go in the Weekly Report to the Administrator this week. The chart below is from the OCSPP IO press planner. They have these scheduled for announcement July 15. Is this correct or should these dates get pushed back?

OPP	July 15	MCPA ID
OPP	July 15	Methyl Bromide ID
OPP	July 15	Methomyl and Thiodicarb PIDs
